DBA "Unleashed Joy"

### As Close to Home as it Gets!

We want your dog to feel right at home, so we do our best to make sure that his stay with Unleashed Joy is comfortable and pleasant. If you have a multiple dog home and prefer that your dogs room together, we can do that too! Bring your dog's favorite fluffy bed that smells like home so he'll feel secure. We'll provide soft music and pleasant scents to ease even the most nervous dogs.

Boarding dogs attend day camp during the day, and additional play times are given to the boarders after the day campers have gone home! They also get some good old-fashioned interaction time with the staff, i.e. - hanging out just like at home until it's bed time.

Most importantly, unlike many boarding kennels, our overnight boarding associated lives onsite, so naturally your dog will be cared for 24 hours a day. This ensures that your dog can be comforted if lonely or let out for that late night call of nature as necessary, and you can rest easy knowing that your friend will be cared for as if he were our very own.

The number of dogs boarded is limited to a small amount each evening so that each one can get the personal care and attention you want for your furry friend.

Dogs will be evaluated prior to boarding to ensure that they will play well with others and can comfortably tolerate being in a new place. Please contact us to set up an evaluation.

### Reservations, Cancellations, and Changes

We require a minimum of 2 weeks' notice to cancel your reservation. If less than 2 weeks' notice is given, your deposit will not be refunded. If you make changes to your reservation that shortens the length of your dog's stay, you must also notify us at least 2 weeks prior to your scheduled check-in, or we will charge \$30 per day for each canceled day.

It is highly recommended that you make your reservation a minimum of one month prior to your dog's stay. In busy times and on major holidays you may wish to reserve further in advance.
